

Sale Name: American Heroes Military Firearms & Memorabilia Auction

LOT 8773 - M4 Bayonet & M8A1 Scabbard

Description

Good condition for the age of the bayonet. Appears this bayonet has seen some action, well used. Blade has a small chip missing on the bottom side of the blade.

The M4 bayonet was found on the belts and on the ends of M1 Carbines held by US service men. First manufactured in 1944. The blade does not show any markings, however muzzle side of the hilt shows "U.S. M4 - Utica" and the bottom shows a serial number of "122". Hard to say when this bayonet was manufactured, as they were produced throughout the service life of the M1 Carbine.

Double sided 3.5" tip, 6.5" blade length, 11.5" total length, with a treated leather handle. Comes with a B.M. Co scabbard (VG/Good condition), marked "VP27".

A M1 Carbine's best friend, this M4 Bayonet is still sharp!

Quantity: 1
