LOT 8775 - Vietnam Era PRC-47 Military Radio Set

Description

Very good condition for the age of the equipment. Innards appear to be in great shape, outer carrying case has done it's job protecting the transmitter and other components.

Manufactured by the Collins Radio Company of Cedar Rapids Iowa sometime during the 60's, the PRC-47 Radio Set was used throughout the Vietnam War.

This set appears to be in it's entirety, including carrying case, receiver - transmitter, radio phone, head set, speaker, various hardware and cords. These radios are often rare, and highly collectible by militaria and radio enthusiast.
