LOT 8798 - Yugoslavian M48B 8mm Mauser Bolt Action Rifle

Description

Importer Serial Number: 27326. Excellent condition, numbers matching (63890). Bore is bright and shiny, and the bolt is covered in a protective Cosmoline layer.

After its introduction, the Yugo M48 rifle saw a few changes to its design to make it cheaper and easier to manufacture. The M48A introduced a stamped steel magazine plate, with M48B seeing even more parts being made and formed from stamped steel. Despite the small changes the manufacturer's kept the M48A stamping regardless of sub variant M48B. For example this rifle features the before mentioned stamped parts like the trigger guard a known feature of the M48B, but is stamped as an "A".

Featuring 23.5" barrel, hooded front sight and rear elevation sight, manual safety, sling studs, and has a splendid walnut full stock.

Serial Number: 27326, **Barrel Length:** 23.5"

Quantity: 1
